

THE MOST FUN YOU'LL EVER HAVE
WITH A TELECOM COMPANY!

COMMUNICATIONS IS VITAL TO THE SUCCESS OF ANY BUSINESS.

WITH YOUR TELECOMMUNICATIONS COMPANY, HAVE YOU EVER:

1. Looked at your bills and realized phone, telecommunication and/or Internet service costs were higher than expected?
2. Called your telecommunications company with a question and got a frustrating automated answering system?
3. Had trouble changing or adding services?

BLUE ROOSTER TELECOM IS A DIFFERENT KIND OF TELECOMMUNICATIONS AND TECHNOLOGY COMPANY.

We invest in our customers, learning the issues and challenges they face, and provide useful, custom solutions specific to each business need. And we like to make you smile.

If your business is moving or downsizing, or if you've had a problem with your phone service and haven't been able to get the quality care, attention and a good laugh now and then, call Blue Rooster (**we have real people answer our phones right here in San Luis Obispo**). We will work with your existing vendors to find solutions that work best for you and will help you in the long-term, at an affordable price.

Take advantage of a **free, no-obligation, in-depth evaluation** of your phone bill and service. We often find charges or service fees that can be reduced. And when we say no obligation – we mean it! So call today.

"After working with a large, out of area phone company and experiencing their nonexistent customer service, we switched to Blue Rooster. Wow! They got us set up and made it easy – we never have any problems and I know that, if we do, they are just a phone call away. Now I can focus on our patients and not our technology!" – *Dr. Pamela Dassenko*
