Managed IT Services

A Proactive, Preventative Solution

ITECH NET MANAGE

ITECH Net Manage not only ensures you have a qualified team ready to service your equipment but also the real time data to ensure its being done on time, when needed, and using the most advanced network asset tracking and performance monitoring.

The **ITECH Sentinel Maintenance** plan is designed to alleviate the stress of having an unknown month to month IT service expense and includes regular scheduled appointments to address any computer or network issues including maintenance.

ITECH SAFE BACKUP

ITECH Safe Backup takes the backup responsibility out of your hands and into the hands of a trained IT professional, making sure that backups are done regularly and reliably. Optional offsite replication protects against disasters.

ITECH SENTINEL MAINTENANCE

"We couldn't be happier with ITECH Solutions IT services and web development. We told them what we wanted, and they made it happen. Whether we need them in the early morning or late afternoon they are always responsive. Thank you, I-TECH!..."

Carl Hansen
CEO, SLO Food Bank
